

**CENTRO UNIVERSITARIO  
DE PLASENCIA**

Faculty of Forestry  
University of Extremadura  
Centro Universitario de Plasencia  
Avda. Virgen del Puerto 2  
10600-Plasencia-Spain

Position Title: Researcher

Duration: 4 years

Salary: about 40.000 euros/year

Location: Plasencia, Extremadura, Spain

Duties and responsibilities: Under the guidance of the Research Group of Forestry, apply for competitive projects, write papers in qualified journals and write revisions.

Requisites:

1. Advanced university degree in Forestry, Biology, Agronomy or related discipline with specialization or a post-graduate degree in one of the major fields covered (Pathology, Invasive Species, Ecology, Forest Breeding and Quantitative Genetics).
2. PhD thesis.
3. 2-year post-doc contract in a different Institute as where the thesis was performed.
4. More than 20 papers in SCI journals (included in ISI Web of Science) on Pathology, Invasive Species, Forest Ecology, Forest Breeding or Quantitative Genetics.
